# **Commercial Beverage Blender Market by End-user, Control Type, Container Material, and Geography - Forecast and Analysis 2021-2025**

## 12.1 Vendors covered

Vendors are included in the report based on their offerings for the global commercial beverage blender market. They are identified based on their revenues, market dominance, geographical presence, product portfolio, and financials. Twenty important vendors in the global commercial beverage blender market have been covered in this report. The importance of the revenue from the global commercial beverage blender market to the overall business of a vendor is analyzed via the Influence Index. For all the twenty vendors, the revenue from the global commercial beverage blender market contributes to the overall revenue of the vendor but is not a key component of the vendor's revenue and hence all vendors have been classified as Contributing on the Influence Index.
